Dear Sir,

I am doing research into the assassinatio of President Kennedy. At the present time I would like to bring to your attention one particular area in which I will need your assistance.

This is the subject of Lee Harvey Oswald application for Post Office Box 2915 in Dall

The one thing that confuses me is how on page 575 the Warren Commission states tha it was not possible to know whether Oswald application listed the name A. Hidell as a person able to receive mail. The reason being the application portion WITH the names listed was discarded after the box was closed on MAY 14 1963.

On the other hand, the F.B.I. investigation published in volume 25, page 859 reveals "tha Oswald did not indicate on his application that others, including an A. Hidell would recei mail at Post Office Box 2915 in Dallas."

This statement in effect, is saying that the application was seen by your investigators. This contradiction needs to be clarified.

Because of this inconsistency I hereby
